IDENTIFIERS	*Integrated Postsecondary Education Data System

ABSTRACT

The Integrated Postsecondary Education Data System (IPEDS) is a system of surveys designed to collect data from primary providers (institutions) of postsecondary education. It collects data in such areas as enrollment, program completions, faculty and staff, and financing. This compact disc (CD) contains data from the 1995-96 and 1996-97 Integrated Postsecondary Education Data System (IPEDS). The CD also contains Electronic Code Book software that will create fully labeled Statistical Package for the Social Sciences and Statistical Analysis System code for all or any portion of the data. Installation instructions are included. TYPE OF SURVEY: National Survey. YEAR OF FIRST DATA: 1995. YEAR OF LATEST DATA: 1997. (SLD)
